Dear Professor,

Congratulations on your selection to deliver the keynote address at the Biannual Conference for Semi-Quantitative Methods in Socioeconomic Biophysics, which is being held this year at the University of Snoring, in Great Snoring, UK. The decision by colleagues in your field represents a richly deserved vote of confidence in your scientific accomplishments.

Before your invitation can be effected, it must clear the Political Bureau of the National Association of Teachers in Further and Higher Education. It has come to our attention that your home country is on our list of Zionist fascist oppressor states, which requires us to add a few questions to our usual formalities. Please fill out the enclosed questionnaire, and send it back. Specialists at the Congregation for the Doctors of Philosophy will examine your conscience and decide on your fitness to be accepted as an honorary civilised human being.

We apologise for any inconvenience. We presume that a scientist of your brilliance will have no difficulty satisfying this formality. Remember, every question has just one correct answer.

Sincerely yours,

P. S. You will only need to submit to this formality once. After your replies have been validated, you will receive certification of your CTHN (credit to his/her nation) status, which will be valid until further Zionist atrocities require a new round of denunciations. Note that you will be expected to inform the CDP of any change in your political sentiments.
